*Is it legal to park in front of a Pedestrian ramp located in the middle of a block with no marked crosswalk or traffic control devices? Answer: YES!*

@[NYC\\_DOT](#) Is it also legal to park in front of a ped ramp located mid-block of a street with no marked crosswalk and no traffic controls?

@LarryBerezin It is not legal to park in front of a ped ramp

@[NYC\\_DOT](#) But, it is legal to park in front of a ramp located mid block long T intersection, as per 2008 amendment. Do you agree?

@[LarryBerezin](#) Correcting our initial response, it's legal if the ped ramp is not in a crosswalk.
